MOSCOW WILL INSIST ON THE RECOGNITION OF DISPUTED AREA AS SOVIET TERRITORY

Bombing Of Changkufeng Hills Is Continued

Tokyo, August 5.
A military communique issued here today states that apart from the bombardment of the Changkufeng hills by Soviet artillery this morning the situation has not become worse but that, on the contrary, complete calm prevails in this region. No confirmed news was available in Tokyo about the attitude of Moscow regarding the Japanese proposals for the termination of hostilities and for the mutual withdrawal of troops from the disputed Changkufeng zone. Reports, apparently emanating from Soviet sources, state that Moscow, before entering into discussion of the Japanese proposals, will insist on the recognition of the disputed area as Soviet territory.—(Transocean).

SHELLING RESUMED

Yuki, Aug. 5.
The latest report this morning states that Soviet light and heavy batteries resumed shelling of Japanese positions at Changkufeng and the Tumen River front at Changchuanan.

Although no infantry attack has been launched as yet the shelling is believed to be the prelude to a further attack in an attempt to recover positions held by the Japanese in the Changkufeng area.—(Reuter).

Japanese Retreat Imminent

Chengchow, August 5.
Japanese retreat from north-west Hunan is imminent, in view of inadequate forces to hold the towns such as Hsinyang and Paoli. Hsinyang is being surrounded by Chinese troops, who are aided by guerilla forces.

One detachment attempted to flee from Hsinyang to the east but were caught up by the Chinese units who inflicted over eighty casualties. The rest of the Japanese troops retired to Hsinyang, where foodstuffs and ammunition are running low.

The beleaguered Japanese are attempting to retire northward in three directions.—(International).

POSITION OF FRANCE

Discussing possible repercussions in Europe of the Soviet-Japanese frontier dispute, M. Leon Blum, writing in Populaire declares that the theory cannot be ignored that Germany, obedient to the letter or spirit of her alliance with Japan might be led to lend Japan armed aid by attacking the Soviet on the European front while the Soviet is struggling with Japan in the east.

If such an attack eventuated the Franco-Soviet pact would operate and France would be engaged. A more natural theory seemed to be that Germany, regarding the Soviet as absorbed and neutralised, might take advantage of this to adopt a more strong attitude in the Czechoslovakia issue, in which case, France would again be involved, adds the writer.—(Reuter).

WHITE RUSSIANS SYMPATHETIC WITH FATHERLAND

Hankow, August 5.
The White Russians in Shanghai, numbering about 28,000, are sympathetic with the fatherland in the Changkufeng incident and are anxiously watching developments.—(Central News).

S'HAH CHINESE TO OBSERVE ANNIVERSARY

Hankow, August 5.
Although Shanghai is now under Japanese control, the Chinese people in the International Settlement and the French Concession there will observe the anniversary of the Sino-Japanese hostilities in that city on August 13.

It is stated that the refugees now being taken care of in various camps will fast for one meal in observance of the occasion.

Meanwhile, the Settlement and Concession authorities are taking all necessary precautions to prevent any untoward incidents on that day.—(Central News).

Japanese Advance Meets With Disaster

Hankow, August 5.
The Japanese advance by three routes to the south from Kiukiang has met with disaster.

At Shaho station, on the Kiukiang-Nanchang Railway, the Japanese suffered 600 casualties, while 400 were killed or wounded east of the railway at Shaho. About 600 casualties were sustained west of the railway, the remnants retreating northward.

Kiukiang is garrisoned by the Hai naval contingent, which remained in Shanghai for several years before August last.

Owing to the rise of the water level there is no progress in the Japanese advance on the north bank from Susung.—(International).

Guerillas Recapture Nine Districts In East Hopei

Peiping, August 5.
The growing unrest noticed in North China coincides with the continuance of the conflict on the Manchukuo border. Trustworthy foreign sources confirm the departure of many Japanese troops from North China while travellers, from north Hopei report that during the last few days, guerillas captured nine of the 22 east Hopei districts, the Japanese appointed Magistrates in each case fleeing while in some cases the armed Peace Preservation Corps belonging to the provisional government joined the guerillas increasing their strength.

The Kuomintang's flag is now hoisted in nine of these areas. The Japanese are at present helpless due, firstly, to insufficient troops and secondly, to the bog-like conditions caused by the recent very heavy rains which have immobilised the armoured cars and trucks which had been used effectively hitherto by small bodies of Japanese against guerillas who are superior in numbers.—(Reuter).

HE STOLE A CHOPPER

Then Chopped Up Himself

Dressed in a black suit Lam Mong-wan looked quite normal when he mingled with the people in the street, near Spring Garden Lane at about 8.30 last night.

Appearances, however, were deceptive, for Lam was driven to desperation by poverty. He was down and out—so he said later—and he wanted to put an end to it all.

Dashing up to a pork-dealer's stall he snatched a chopper, ran into Spring Garden Lane and cut himself several times across the abdomen.

A Chinese detective, attracted by the crowd that had collected round the man, went up to see what was the matter. The next move was the urgent call for an ambulance and Lam was removed to the Queen Mary Hospital where his condition was reported to be serious.

Before the ambulance arrived, Lam told the detective that he was 32 years of age and that he resided at the Printers' Guild but that was all he was able to say as he was in a very critical condition.

KWANGTUNG OFFICIALS TACKLE REFUGEE PROBLEM

Canton Greatly Appreciates What Hong Kong Is Doing To Help Unfortunate People

"SAFETY ZONES" SUGGESTED

Dr. D. Y. Lin, Director of the Bureau of Agriculture and Forestry of the Kwangtung Provincial Government, who arrived in the Colony recently from Canton, has discussed unofficially the refugee problem with H.E. Sir Geoffrey Northcote, the Governor of Hong Kong and Bishop R. O. Hall, it is learned, says Central News.

In an interview Dr. Lin said:

"During Sir Geoffrey Northcote's informal visit to Canton, he saw much of the destruction and ruin caused by the wanton bombing by Japanese planes. In his conversation with General Wu Tchen the Governor spoke about what Hong Kong was going to do to tackle the problem and asked for an expression of opinion.

"Governor Wu has authorised me to state that he appreciates most heartily what Hong Kong has decided to do to give succour to these unfortunate people who have been driven from their homes in the war areas and are hungry and destitute.

"He appreciates especially that special camps will be organised and huts erected in these camps to take care of only the destitute women, children and the old-aged, and not the able-bodied men, who ought to be sent back to their homes for work 'behind the lines'.

GERMAN AIRMAN COMPLETES WORLD FLIGHT

Berlin, August 5.

Japanese Drive Along The Yangtse Shows Every Sign Of Breaking

The sensational news that the Japanese drive along the Yangtse shows every sign of breaking was brought to the Colony yesterday by a high ranking Chinese officer who arrived from Hankow by plane on short leave.

He told the Daily Press that Japanese operations have recently suffered such serious handicaps, due to the flooding of many areas and stiff Chinese resistance, that indications of a change or curtailment of plans are not lacking.

Several Japanese warships at Kiukiang, he said, have already steamed down the river and about half the troops stationed in the area have either left, or are under orders to leave, for a point further down.

In consequence of this, he said, military circles in Hankow feel that the situation has changed somewhat for the better and greater confidence is shown by the civilian populace.

Although signs are that the Japanese drive on Wuhan is breaking, it is by no means possible to say that the danger is past or that the Japanese contemplate abandonment of the plan, he added.

AMERICANS SEND AMBULANCE TO CHINA

Hankow, August 5.
An ambulance, inscribed "For the Heroes Fighters of China" presented to China by the "American Friends of the Chinese People," an organisation with its headquarters in New York City is being shipped to Hong Kong en route to the interior by the s.s. Tai Ping Yang.

In a letter to Madame Chiang Kai-shek, the First Lady of China, the organisation expresses deep sympathy with the wounded civilians and soldiers and states that the ambulance is sent as a token of such sympathy.

The organisation also wishes "a speedy victory for China" and gives the assurance that everything in its power to do to aid China will be done.—(Central News).

Reason Sought Why No Open Singles Allotted To Green

A letter received from the Kowloon Football Club, commenting on the "discourtesy" of the sub-committee of the Hong Kong Lawn Bowls Association Council in not giving them a reason why no Open Singles matches had been allotted to that Club, and maintaining that the Club's green was in excellent condition, provoked much discussion when it was read out at last night's meeting of the Council.

Following this discussion, in which Mr. C. B. Hosking Hon. Secretary of the Association, stressed that he had seen no reason why the Club should have been written to but that so far as he was concerned nothing in the way of discourtesy had been meant, it was decided that the "secretary should reply to the letter saying no discourtesy was meant at all and that during the ensuing rounds of the singles an endeavour would be made to put one or two games on the K.F.C. green."

The following Clubs were awarded the three Interport matches with Shanghai, who are due to arrive in the Colony on the Empress of Canada on October 7.—Kowloon Dock Recreation Club, Civil Service Cricket Club and the Club de Reclerc. Entrance money for the matches will be \$1, while the question of accommodation was left to the Secretary.

The following comprise the selection committee for the Interport: Messrs. A. Hyde-Lay, C. B. Hosking, J. F. MacGowan, W. Greig, R. F. da Luz and J. Russell.

The entertainment committee will comprise Messrs. W. W. Brad-

bury, R. T. Phillips, R. Bass, A. Hyde-Lay, C. B. Hosking and Dr. J. T. Smalley.

An invitation will be sent to His Excellency the Governor, Sir Geoffrey Northcote, who is Patron of the Association to view the matches.

ATTENHEAD SHIELD

The Attenhead Shield match is to be played, on September 17, and, as before, in Happy Valley, on the greens of the Civil Service Cricket Club, Police Recreation Club and Craighower Cricket Club.

The following is to be the constitution of the teams:—

TENANT'S CLAIM FROM
LANDLORD FOR DAMAGESJudgment Given In
Summary Court

Judgment was given in Summary Court yesterday by the Acting Puisne Judge, Mr. Justice E. H. Williams, in the case in which Lo Kwai-fong, trading as the Sun Man Sewing Factory, claimed \$1,000 from his landlord, Tong Ying-cheung, as damages for trespass, wrongful entry and assault on April 29.

It was alleged that defendant forcibly entered No. 25, Tung Tau Street, on April 29, and threw the goods and chattels which were in the premises at the time, into the street.

It was also alleged that plaintiff's assistants were assaulted and thrown out.

Plaintiff denied having received any legal notice to quit, defendant having claimed that such notice had been sent to the plaintiff through Messrs. Deacons, solicitors.

Mr. C. A. Sutherland Russ represented the plaintiff and Mr. M. A. da Silva appeared for defendant.

Defendant brought a counter-claim against plaintiff for \$14, being arrears of rent for one month and five days, \$6.18 as money owing for electric light consumption and mesne profits up to the day of possession of the premises.

Plaintiff was the proprietor of the Sun Man Sewing Factory which he carried on at 25, Tung Tau Street, ground floor, Kowloon City, and of which premises he was the monthly tenant of defendant, the owner. In this action plaintiff claims \$1,000 damages against the defendant on the grounds that on April 29 whilst he was still lawfully a tenant defendant and a party of men entered the factory by force and removed his goods and chattels into the street. The defendant maintains that plaintiff was merely a trespasser on the premises, the tenancy having been duly determined about April 24 by notice to quit. He counterclaims for \$14 rental due for one month and five days, and also \$6.18 due for electricity consumed during plaintiff's tenancy.

The facts as I find them are as follows:—

Plaintiff became tenant in 1934—the rent receipts being dated from 26th to 25th. These receipts were made out by defendant until the middle of 1936 when the receipts were made out by defendant's wife and were dated 25th to 24th. No adequate reason has been given by the defence for the alteration in the dates. Plaintiff asserts the tenancy was from 26th to 25th. The defence say it was from 25th to 24th; that originally defendant had made a mistake which his wife discovered and rectified in 1936. She admits she did not draw the plaintiff's attention to it though in fact he appears to have noticed the alteration. It is not without significance that defendant when making an affirmation early in 1938 under the Distress for Rent Ordinance gave the tenancy dates as from 26th to 25th. I find therefore that the proper tenancy dates were from 26th to 25th.

Defendant became anxious at the end of 1937 to get possession of the premises. He claims that in December he wrote to plaintiff giving him notice to quit. Plaintiff denies the receipt of this notice but admits the receipt in January of a notice to quit and a copy of that letter is in evidence. It is not a valid notice to quit as it expires on the 14th day of the month. Plaintiff continued to reside there and the next matter of importance is that on March 7, 1938 defendant made an affirmation for Distress for the period 26th of 12th moon to 25th of 2nd moon at 12 p.m. and on the warrant issuing plaintiff paid the arrears. Plaintiff maintains that he was all along ready to pay the rent but the landlord did not call for it. I am satisfied on the evidence that the plaintiff was a bad tenant as regards punctuality in payment of rent.

Defendant next gave instructions to Messrs. Deacons to send plaintiff a notice to quit. In the notice plaintiff was required to vacate on the 24th of the 3rd moon. The notice was sent by post but plaintiff has denied that he ever received the letter. I find that he did in fact receive this letter but that the notice was not a valid notice to quit as it did not expire on the 25th i.e. at the end of a monthly term. See *Queens Club Gardens v. Bignall* (1924) 1 K.B.D. 117, and *Precious v. Reddie* (1924) 2 K.B.D. 149.

Plaintiff went back to the country on April 14. The defendant claims that on April 20, plaintiff's son came with a letter

written in the name of his father acknowledging the notice to quit from Deacons and asking for five days grace, as the new premises which he had secured were not yet in a proper state of repair. Plaintiff and his son have denied all knowledge of the letter. It does not bear plaintiff's chop and I am not satisfied that it is a genuine letter.

We now come to April 29 and here we have the greatest conflict of evidence. Plaintiff was then still absent. His son had gone to Un Long sometime before noon and about 2 p.m., defendant, his wife and his mother arrived at the factory. A number of folks and neighbours have testified that the three were accompanied by a party of ten persons; that defendant ordered the folks to move out; the folks asked for a day or two's grace as the master and his son were away. Defendant refused and instead proceeded with his men to remove everything. The witnesses for the plaintiff stated that the articles were removed 'roughly'; 'thrown about'; 'broken', etc. though one witness gave evidence they were removed very carefully. When the folks saw this large party of people most of them beat a hasty retreat. One of them went to Un Long to find the plaintiff's son and returned with him about 6 p.m. The son stated that he saw everything scattered about outside—certain articles were missing, such as thread and cloth, some dye was spilled and machines damaged. In addition a sum of \$120 in cash was missing from a locked drawer which had been broken open. Word was sent to the plaintiff and he returned next day.

Plaintiff and his son made an inventory of their losses. Twenty-one weaving machines had suffered damage to the extent of \$200. Tins of dye had been spilled to the value of \$30. Cotton thread to the value of \$150 had been rendered useless by damp and breakage.

A surprise raid by Sergeant Flaherty, acting on information received, resulted in the arrest of an unemployed Au Kam, on whose person was found a six-chambered Smith and Wesson revolver, fully loaded with six rounds of ammunition.

The police alleged that Au Kam and others were ready to commit a robbery.

Before Mr. Butters at the Central Court yesterday Au was charged with the possession of arms and ammunition and was committed to stand trial at the Criminal Sessions.

Detective Sub-Inspector Darkin prosecuted.

Marquis G. Pagano di Melito, Consul-General for Italy, was cautioned by Mr. Butters at the Central Court yesterday for leaving his car unattended outside Exchange Building from 9.20 a.m. to 12.40 p.m. on July 21.

He pleaded guilty through a representative.

Traffic-Inspector S. C. Saunders said that he saw the car parked outside Exchange Building at 9.20 a.m. and instructed a Chinese traffic constable to watch it. When Inspector Saunders returned at 12.40 p.m. the car was still there; and he went up to see Marquis di Melito about it.

The Marquis informed him that the car had been left where it was because its ignition was out of order. Later Inspector Saunders was informed by the constable that the car had started easily after it had been pushed.

Following investigations, he found defendant driving a car into a crowd of persons who were standing at the junction of two roads, causing them to scatter.

A term of six weeks' imprisonment, with the alternative of a fine of \$100, was imposed.

CATHOLIC NEWS AND NOTES

A ROMAN MARTYR

Probably the most honoured of all the victims of the Roman persecutions is St. Lawrence, who was put to death in the time of the Emperor Valerian, in 258. He was one of the deacons appointed to administer the temporal affairs of the Church; he worked directly under the Pope, and his chief duty was the distribution of alms to the needy persons of Rome. When Pope Sixtus and most of the clergy of the city were taken, his execution was decreed with that of the others, but when they were put to death his life was spared in the hope that he might surrender the wealth that the Church was supposed to possess.

The story goes that when he was questioned about his work and it became known that it was he who used to distribute alms to the poor, he was asked if it was true that he had charge of the treasures of the Church and he replied that this was so. He was asked then if he could produce them, and he said that within a few days he could put before them the Church's greatest treasures in Rome.

At the time and place appointed he produced the poor to whom he used to distribute relief, and declared that these were the most valued treasures of the Church. This incensed his judges so much that they condemned him to death with exceptional torments, and he was roasted over a slow fire. What is claimed to be the gridiron on which he died is preserved in one of the churches bearing his name in Rome. His memory was greatly respected in Rome and the church built over his tomb outside the walls became one of the principal churches of the city.

THE ESCORIAL

St. Lawrence was reputed to be a Spaniard, and there was always great devotion to him in Spain. In 1557 when Philip II, husband of Queen Mary of England, was fighting with the French at St. Quentin on the feast of St. Lawrence, it happened that the Spanish garrison had to destroy a church named after the same saint. Therefore, Philip vowed to build a monastery dedicated to the saint beside the church which he was to build as a burial place for his father, Charles V, according to the terms of his will.

The result was the Escorial, the enormous building that crowns a hill, twenty-seven miles northwest of Madrid. Alongside this he built also a palace for himself, and it was there that he died. Eventually the group of buildings included a monastery, church, mausoleum, palace, college, library and art galleries.

The structure is remarkable for its massiveness rather than for its artistic quality. Philip wished it to be severe in style, but it was erected in an age that was not accustomed to achieve dignity through simplicity, and the result

was a building that is impressive, but great only in the sense of solidity which it conveys.

Little is known of the fate of its priceless art treasures during the present conflict, but it is feared that many of them have been destroyed or have disappeared.

THE CURE D'ARS

For sheer contrast to the massiveness and grandeur of the Escorial one could not find anything so striking as the modest house and church sanctified by the memory of the humble French priest, John Baptist Vianney known as the Cure d'Ars.

Ars is a little village in the middle of France, not very far from Lyons, and no one had heard of it until its simple parish priest made it known through his own reputation for sanctity. As a student, he showed no intellectual ability, and when he was sent to this little village the Chief feature of his sermons their extreme simplicity.

Before many years had passed his fame as a man of holiness and as one whose advice was beyond that of all ordinary wisdom spread throughout France, and eventually people to the number of more than 20,000 used to go to the village every year to speak to him and listen to his spiritual instructions. When the Government conferred on him the Legion of Honour he received it with a protest declaring himself unworthy of the honour, but the delegate who brought the decoration declared that it was the Legion which would be honoured by his acceptance.

He died in 1859. A large church is now built in the town, but his small church and the tiny house in which he lived still remain as memorials of him.

VICAR APOSTOLIC OF NORWAY

The death occurred recently of Mgr. Henrik Irgens, who was acting as Vicar Apostolic of Norway for the past few years. He was well known in London, for his father was Norwegian Minister there for a time, as he was later in Paris and Rome.

At the age of twenty nine he became a Catholic and studied for the priesthood in Paris and Rome, obtaining a doctorate in Canon Law in the course of his studies. He returned then to Norway, where the slow but steady development of the Church was fostered by him and the thirty odd priests working in the country. He was named secretary to the Apostolic Visitor and later to Mgr. Offerdahl, the Vicar Apostolic. Since the latter's death he administered the vicariate.

He edited a review, St. Olav, and was a member of the Permanent Commission of Catholic Editors as well as of the Permanent Committee of the Eucharistic Congresses.

CHRISTIAN SERVICE LESSON SERMON

SUBJECT: SPIRIT

The subject of the Lesson Sermon in all Christian Science churches tomorrow August 7 will be "Spirit."

The Golden Text will be "The fruit of the Spirit is in all goodness and righteousness and truth." (Eph. 5-9).

Among others the following citations will be read from the Bible "Thus saith God the Lord, he that created the heavens and stretched them out; he that spread forth the earth and that which cometh out of it; he that giveth breath to the people upon it, and spirit to them that walk therein: I am the Lord: that is my name: and my glory will I not give to another, neither my praise to graven images. God is a spirit: and they that worship him must worship him in spirit and in truth." (Isa. 42: 5, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100).

The following citations will also be read from the Christian Science Textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy "Spirit—Divine substance: Mind: divine Principle: all that is good: God: that only which is perfect, everlasting, omnipresent, omnipotent, infinite. In Christian Science, Spirit, as a proper noun is the name of the Supreme Being. It means quantity and quality and applies exclusively to God. The modifying derivatives of the word spirit refer only to quality, not to God. The Scriptures imply that God is All-in-all. The Scriptures also declare that God is Spirit. He fills all space and it is impossible to conceive of such omnipresence and individuality except as infinite Spirit or Mind. Hence all is Spirit and spiritual. (Pages 594, 93, 331).

Study Of Naval History

THE NELSON PERIOD

The new Victory Museum in Portsmouth Dockyard, provided through the agency of the Society for Nautical Research, was opened by the Commander-in-Chief, Admiral of the Fleet Lord Cork and Orrery, recently, says The Times.

Lord Cork said it was appropriate that the Royal Dockyard at Portsmouth should have a museum worthy of its past. The Victory Museum dealt primarily with Nelson, which was most fitting, for it was from Portsmouth that Nelson sailed for Trafalgar, and it was to Portsmouth that the Victory returned.

The collection within the museum was intended to illustrate the chronicles of the period covered by the active career of the Victory, which flew the flag in turn of Keppel, Howe, Kempenfelt, St. Vincent, Hood, and Nelson—a great period of our naval history covering 80 years.

The museum would thus form an annex, as it were, to the Victory, and it was hoped that all visitors to her would also visit the museum and the panorama of Trafalgar, which should enable them to visualize that great sea battle of which only one ship, the Implacable, remained afloat.

That vessel, appropriately enough, could be seen from the building at her moorings in the harbour, where she was carrying out an invaluable work in inculcating a love of the sea among those boys and girls who spend their holidays in her.

Lord Cork added that their thanks were due to the trustees of the Maritime Museum, who had lent exhibits of high quality, and it was very gratifying to him to be able to announce that this alliance between the Victory Museum and the National Maritime Museum, with the approval of the Board of Admiralty, was to be permanent in character, and that their curator would always be able to depend upon the co-operation of that institution.

Xochimilco Planned As Mexican Venice

Special Government aid is being given to make Xochimilco, "town of the floating gardens," the rival of the Italian canals which attract thousands of tourists each year.

Not only will the canals of Xochimilco be beautified and repaired, but the town itself will be renovated in its colonial style so as to offer further enticements for the tourist trade.

On the canals themselves, the tourist will find floating vendors of delicacies so that a picnic may be enjoyed without leaving the gondola during an entire day.

Floating barges of flowers, of which Mexico has a great abundance, will offer the tourist an enticing and picturesque display at Government-regulated prices to prevent speculation at the tourist's expense.

But not only will the tourists benefit by the Government

THE ARMY

TERRITORIAL TRAINING ON NEW PLAN

Mr. Hore-Bellisha, the Secretary for War, watched a new type of training for Territorials at Hackney recently. Physical and military training without boredom or fatigue is the keynote of the idea known as the Garnier system, which has been carried out recently by one unit of the Territorial Army at the headquarters of the 5th (Hackney) Battalion, The Royal Berkshire Regiment.

The system includes boxing, wrestling from the self-defence angle, physical training, games, and 12min. intervals of military drill.

Mr. Hore-Bellisha said he was full of admiration for the system, and they were going to see whether it could be applied to the whole of the Territorial Army.

MAGAZINES

Of 30 magazines submitted recently to the Commonwealth Book Censorship Committee—28 from the United States, one from Great Britain, and one from New Zealand—20 have been banned from the Country as "specializing in crime, gangster, and horror stories, with a smattering of sex." Announcement of the ban was made in the House of Representatives, and at the same time it was said that banning of similar Australian magazines that might be issued to fill a vacant market would be a matter for the States to decide.

SNOW WHITE

WED TO

PRINCE BROWN

Walt Disney was right. Snow White did wait for her "prince," and he did come. But the prince went one step further than even Mr. Disney with all his gag men could imagine. His name was Brown.

As a teacher, Miss Snow White amused her Fresno school pupils with her name until two years ago. Then she married her "prince." Although she has left the teaching profession, she continues to amuse her friends as Mrs. Snow White Brown.

Alumni at the annual San Jose State College homecoming day, where reporters discovered this unusual name combination, declared that doubtless Mrs. Snow White Brown would add considerable "colour" to the affair.

ROCKEFELLER

CENTRE SEEKS

"NEWS" PANEL

Rockefeller Centre recently opened itself to the field of national competition for the first time in announcing a contest for a bronze panel depicting the theme of "News" for the main doorway to the Associated Press Building now under construction.

The competition, which will close on Sept. 30, will be open only to sculptors who are American citizens, with \$1,000 for first prize, \$500 for second, and \$250 for third.

In addition, approval of the design will open to the winner a \$6,500 commission for carving his panel above the doorway.

The panel must illustrate "News" in terms of its collection and distribution throughout the world, and its dimensions will be 18 by 23 feet.

Innovation In West China To Build Greater Unity

AN ANCIENT Chinese institution, the theatrical troupes which tour the towns and villages to entertain the public during the festival season of a particular community, are now being replaced in West China by bands or groups of students.

The chief object of these student tours is to enlighten the people of the interior as to the present national situation so as to strengthen the support from the rear of the fighting line, but they also enable the students to come into contact with the farming communities who are the backbone of the country and form more than 88 per cent. of the nation's strength.

This leads to a greater understanding between the people of the farms, and the cities as many of the college students in China still come from urban families.

A band or group usually consists of 20 or more college or middle school boys and girls, at times accompanied by professors and instructors, who take this opportunity to study the problems of the rural districts with a view to improving the conditions of living as one of the great needs for the future prosperity of the nation.

The students sing, act, lecture and demonstrate to enlighten and entertain the country folk and, as they always have good "advance agents" or assurance of support from local people before a visit, this innovation has met with great success.

Often these bands have musical instruments and motion picture equipment with them and some farm boys and girls get their first glimpse of foreign and Chinese progress.

The Ministry of Education and the University of Nanking have co-operated in the production of a series of educational films intended for use in rural districts.

JAPANESE TROOPS MUST BE WITHDRAWN FROM THE SOVIET FRONTIER

Mr. Shigemitsu Confers With Foreign Commissar

Proposals Made By Japan

Moscow, August 5.

The Japanese Ambassador, Mr. Mamoru Shigemitsu, conferred with the Soviet Foreign Commissar, Mr. Maxim Litvinoff, for nearly three hours yesterday during which time endeavours were made to agree upon a peaceful solution of the frontier controversy.

Shigemitsu is said to have declared, on behalf of the Japanese Government, that the conflict could be localised and settled in a peaceful manner.

Japan, according to the Ambassador, would be willing to examine the Soviet frontier claims at a special conference and would then endeavour to propose concrete and detailed steps for demarcating the frontier by submitting all available material in the possession of the three interested parties, namely the Soviet Union, Japan and Manchukuo to a mixed commission.

M. Litvinoff replied that before negotiation of any kind could be considered Japanese troops must be withdrawn behind the frontier line as indicated on the map attached to the Treaty of Hunchung, drawn up in 1886. For the Soviet Union, he declared, this border lined and no other was official.

To this statement, the Japanese Ambassador replied that the map could be regarded as the only authority for establishment of the frontier because it had never been published and could therefore, not possibly be known to Japanese official quarters.

An agreement was not reached but it is assumed that both Governments will continue to study the situation (Transocean).

JAPANESE OFFICIAL STATEMENT

Tokyo, August 5.

The Japanese Foreign Ministry issued the following official statement yesterday relative to the Russo-Japanese frontier conflict:

"The Vice-Minister for Foreign Affairs, Mr. Horinouchi, invited the Charge d'Affaires of the Soviet Embassy, M. Smetanin, to his office yesterday and made proposals de-

signed to terminate the hostilities. He requested M. Smetanin to transmit these proposals to his Government and to obtain an answer."

Political circles, here intimate that the proposals of the Japanese Government provide for a restoration of the status quo in the disputed territory and a final regulation of the frontier dispute by a mixed commission. (Transocean).

"STERN" PROTEST

Tokyo, Aug. 5.

A "stern protest" against the Soviet bombardments of Japanese positions in the Changkufeng area was made to Moscow today through the Soviet Charge d'Affaires in Tokyo. (Reuter).

TIMES' REPORT FROM RIGA

London, Aug. 5.

The Times' Riga correspondent says it is hoped in Moscow that after consulting his Government, Mr. Shigemitsu may be willing to consider the Soviet viewpoint.

The Soviet Government has not kept the Russian people informed about the course of events. The general public is unaware of the repeated attempts of Russian troops to eject the Japanese. (Reuter).

HANGCHOW SOLDIERS IN PRISON

A Chinese report says that soldiers who were forcibly removed by the Japanese military authorities from the Church Missionary Society hospital at Hangchow on July 30 are being held in the military prison.

It is stated that the Japanese soldiers stage a demonstration on the anniversary of the Shanghai hostilities on August 13.

STRONG RESOLUTIONS

Berlin, August 5.

While Berlin newspapers avoid comment on the Far Eastern situation, they give prominence to strongly worded resolutions passed by workers' organisations throughout Soviet Russia.

Some typical quotations are:—Let the hides of the Japanese feel the might and strength of our fatherland—Stalin motor car factory workers;

Our horse and sabres are ready—Cossacks;

We are prepared at any moment to leave our tractors for tanks—tractor drivers;

Let the Japanese pay dearly for every drop of Soviet blood they have spilled—railwaymen. (Reuter).

PEIPING, TIENTSIN ASTIR

Hankow, Aug. 5.

Over ten trainloads of Japanese troops have passed through Tientsin en route to Manchuria, according to a Tientsin message.

Chinese civilians in Peiping and Tientsin are astir over news of clashes between Japanese and Soviet troops, but owing to strict censorship imposed by the Japanese authorities reports are meagre in Chinese papers. (Central News).

Significant Movements In Far East

MOSCOW PLAYING WINNING HAND

London, Aug. 5.

"The latest movements in the Far East struggle are highly significant," says the News-Chronicle in a leading article on the Soviet rejection of the Japanese offer.

The News-Chronicle continues: "There are two reasons for this firmness in Moscow's attitude. First, doubtless, is the conviction, re-inforced by Japan's offer, that they are playing the winning hand and can afford to call high. Second, is probably a desire to help the Chinese in their struggle against Japan."

"It does not follow that Russia's refusal to accept the terms of peace is final. It is still not at all likely that this squabble will develop into real war."

TRUCE "IN CHINA"

The Daily Express says that a truce proves that Japan has her hands full in China and that she has bitten off more than she can chew and is sore and tired of chewing.

"Let us hope that to get this truce, Japan will have to give truce elsewhere, namely in China," the paper adds. (Reuter).

ANGLO-EGYPTIAN AGREEMENT

London, August 5.

An Anglo-Egyptian supplementary agreement was signed yesterday at the Foreign Office by Lord Halifax for Great Britain and Mohammed Mahmoud Pasha for Egypt.

The agreement settles the question of the cost of the erection of barracks in the Suez Canal Zone, the British Government undertaking to bear half of the originally estimated cost. (Transocean).

Signor Gayda Cudgels The Soviet

JAPANESE OUTLAWRY IN CHINA TERMED "COURAGEOUS"

Rome, August 5.

A strong attack on the Soviet Union was launched yesterday in the Giornale d'Italia by Signor Virginio Gayda, often called Mussolini's "propaganda mouthpiece."

The article says that Italy views the movements of Soviet troops, who occupied in a spirit of aggressive imperialism territory not under Soviet jurisdiction, as a fresh element of disturbance in the already confused and dangerous situation existing in the Far East.

Italy, says Signor Gayda, is definitely opposed to a violent and destructive expansion of Communism in the world, whether it be Spanish or Chinese. It comes from Moscow and shows itself more and more to be among the great immediate threats to world peace.

JAPAN IN CHINA

On the other hand, Italy has always considered the resolute Japanese action in China as a courageous move directed not only towards guaranteeing the vital and legitimate interests of Japan on the Asiatic continent but also towards saving Chinese civilisation itself from the threat of Bolshevik exploitation, either in banking or in politics, at the hands of certain great world powers. (Reuter).

NEW BRITISH CRUISER

London, August 5.

The cruiser Manchester, third and last of the 9,000-ton cruisers ordered under the 1935 programme, left Hawthorn, Leslie and Company's yard at Hebburn yesterday for acceptance trials, at the conclusion of which she will proceed to Portsmouth. (British Wireless).

PUBLIC WARNED AGAINST BATHING AT LAICHIKOK BEACH

Hospital Opened For Cholera Patients

Germ Can Live In Sea Water For Over Six Weeks

The Director of Medical Services (Hon. Dr. P. S. Selwyn-Clarke) announces that a hospital for the treatment of cholera patients has been opened at Laichikok.

Although strict precautions are taken in connection with the disinfection of human wastes from patients treated in this hospital, it is difficult to be absolutely certain that no living cholera germs may find their way into the sea in the neighbourhood of Laichikok beach at any rate for the time being.

Needless to say, every effort is being taken by the hospital authorities to minimise this danger. The medical authorities consider it desirable that the attention of the general public should be invited to the fact that Laichikok bathing beach lies within the harbour limits. In other words, persons bathing in these waters run a possible risk of infection with cholera.

Recent investigations in Far Eastern waters have shown that cholera germs can live for as long as 47 days in sea water.

OFFENSIVE EXHIBITION CHARGE

Visitor Pleads Ignorance Of Law

A case of "offensive exhibition" was brought before Mr. Butters at the Central Court yesterday when a woman, named Wong Man-hon, aged 35, who claimed to be a qualified doctor and a graduate of the Hackett Medical College, Canton, was charged with having exposed to the public view articles of a revolting and offensive nature, namely, three glass jars containing the preserved remains of human embryo at a house in Hennessy Road, on Wednesday.

Defendant pleaded guilty but told the Court that she had just arrived in Hong Kong and was not aware that it was against the law to exhibit such articles.

ARTICLES SEIZED

Crown-Sergeant W. W. Williamson, who prosecuted, said that he came across the jars placed in the front window of defendant's house. The next day he took out a warrant and had the articles seized.

Defendant, Sergeant Williamson said, was not registered as a nurse, midwife, doctor or a qualified obstetrician. Instruments found in her premises were unlike the type used in midwifery.

Mr. Butters imposed a fine of \$100 and ordered the contents of the jars to be destroyed.

ADVERTISEMENTS.

PROCLAMATION

issued by

THE TAX BUREAU

of the First Area under

THE KWANGTUNG

FINANCE DEPARTMENT

We have received instructions from the Kwangtung Finance Department to the following effect:—

"In accordance with records on file, a transit tax should be levied on all goods passing the locality. It is our understanding that goods are sometimes shipped to Hunan and Hankow direct from Kowloon by train. On passing through this province, a transit tax should be levied on such goods in accordance with regulations in order that a large amount of revenue may not dwindle. However, there may be considerable inconvenience felt by the merchants who are required to pay the transit tax in Canton, whereas these goods are shipped by train at Kowloon. For the sake of convenience to the merchants, we have decided to establish an office at Shumchun for the special purpose of collecting this tax, so that merchants can pay it at the spot. The rate of transit tax on all goods will be 60% of the Customs duty paid on such goods."

Pursuant to the above, it has been decided, that effective as from the 15th JULY, 27th Year of the Chinese Republic, our office at Shumchun will begin to function.

In addition to notifying all concerned, this proclamation is issued with a view to its being noted by all Chinese and foreign merchants as well. Should they have goods forwarded to Hunan and Hankow by train from Kowloon hereafter, after paying the Customs duty, they are requested to send their men with funds together with the Customs papers to pay the transit tax to our office at Shumchun.

In order to ensure that there will be no delay, no objection to pay this tax shall be tolerated.

CHOW SING NAM,

Director of the Tax Bureau

of the First Area.

MAD BULL IN CHINA'S SHOP

JAPAN APPEARS, of her own asking, to have stored up for herself a real packet of trouble. Bits of her army are spread-eagled all over China with her main army on the Yangtze, which, incidentally, is becoming immobile due to the floods. The direction of attack turns north one day, south the next, east the next, and before long it will be west. Guerrillas in North China are worrying the Japanese garrisons and monthly take a very heavy toll. The latest reports from Shanghai show that the Japanese are making it increasingly difficult for foreigners to trade, and there seems a scheme on foot to develop Woosung. Dredging has not been permitted in Shanghai, due probably to the hope that the river will silt up and large vessels will no longer be able to call.

The Yangtze at Kiangling has broken its banks and in this area, where there are vast stretches of water, it is rumoured that the Japanese command might develop an attack towards Nanchang from the direction of Kiangling. This is all to the good of the Chinese army, as the country is broken and hilly, and the Japanese mechanised troops will be very limited in their operations.

In the meantime there are storm clouds coming over the horizon on the Russo-Manchukuo border. Fighting has been going on for some days at Changkufeng. Both Russia and Japan say they don't intend to fight, and both sides do exactly opposite to what they say. This may be a new fashionable idea started in that Mecca of deception—Tokyo.

In any case, the Soviet forces in the Far East can and will "contain" a large force of Japanese troops in the north of Manchukuo, not one of these men can be spared for the "China Incident." Japan says she is economically sound. Well she will want to be, what with wallowing more and more into the mire in China, fighting Russia, building a fleet at least as large as either Great Britain or America all at the same time; in fact, she is what the school boys call "trying to square the circle."

WOMAN FINED FOR KEEPING MUTISAI

Yip Yuk, 38, married woman, fined \$100 by Mr. Butters at the Central Court yesterday for keeping an unregistered mutisai, Yip Chi-ho.

Mr. H. W. Fraser, Inspector of Mutisai, told the Court that acting on information received he visited defendant and found the girl. The mutisai was presented to defendant by her parents in the country six years ago. She was well treated and was given a small sum of money monthly.

The girl expressed a wish to return to her parents.

CASE WITHDRAWN

The case against Leung Tsat, who was charged with failing to report the intended marriage of a mutisai, was withdrawn.

The girl was married as a concubine, and argument arose at a previous hearing as to whether such constituted marriage according to English law.

Mr. W. A. Mackinlay represented the defendant.

TENANT'S CLAIM

(Continued from Page 2)

Thirty-two rolls of cloth costing \$350 had disappeared. Some furniture had disappeared and the whole business was ruined.

Defendant's evidence is that on arrival with his wife and mother sometime after noon, he saw some of the joks and told them to move out as the notice had expired. They asked for time—two days or a little time. He saw some men there bargaining with the joks—apparently for the sale of the contents of the factory. He waited until 3 p.m. and the men went away. The joks did not move out so he told them he would go to the police station and report. He did so and returned. By this time everything had been moved out. Soon afterwards the son arrived from Un Long, and he requested defendant to allow him to leave the articles for a little while as a man was soon to come and agree on a price to buy and remove them. Defendant consented to leave them there and went away.

I am unable to accept the defendant's version of what happened. I find that defendant and a party of persons came there and removed the articles from the premises to the yard. This does not mean, however, that I accept the claim by the plaintiff as to the damage done in the course of removal. Undoubtedly plaintiff has grossly exaggerated his losses. Most of the witnesses admitted under cross-examination that the chattels were placed as shown in two photographs. There is no evidence as to when these photographs were taken but if the articles were placed as shown there, clearly there was no throwing of articles at random; they rather bear out the evidence of the witness who said they were put out very carefully. From the cross-examination of plaintiff and his son it was obvious that their evidence of the actual damage suffered was too vague and shadowy for me to attach great importance to their estimate. I do not accept the son's evidence that the defendant is responsible for the loss of the \$120 in cash or for various articles of cloth.

Having come to the conclusion that the notice to quit was bad and that therefore defendant had no right to enter into possession and was a trespasser, I find as follows on plaintiff's claim:—

Damage for Assault:—Nothing. This was abandoned during the hearing of the case.

Damages to his furniture—\$75.00—Though defendant and his men used care in removing the chattels yet the machinery in a knitting factory is of a delicate nature and I find that owing to the removal damage to this extent was caused.

Damages for wrongful ejection from the premises—\$100.00.

Exemplary damages:—Nothing. I do not find defendant acted in such a high handed fashion as to justify damages under this head. Plaintiff therefore get \$175.00 and costs thereon.

On the counterclaim I find that plaintiff owes rent for one month and four days i.e. \$14.00. The claim for \$8.18 for electricity is dismissed as defendant was under no legal obligation to pay this sum to the Electric Company on behalf of plaintiff. Defendant will therefore have judgment for \$14.00 and costs.

There will be an order for payment out to plaintiff of \$50.00 in Court.

What Our Readers Say

CONCERT IN GREAT HALL OF THE UNIVERSITY

[To the Editor, The Hong Kong Daily Press]

Dear Sir—Although no apology is needed for drawing attention to a concert or other function which is intended to raise funds for charitable purposes, it is because of its special interest to music lovers that mention should be made of the recitals of ancient Chinese music which are taking place this week-end.

Under the auspices of the Hong Kong Chinese Women's Soldiers Relief Association two Recitals, one tonight and one tomorrow night (Sunday at 9 p.m.) will be given at the Great Hall of the Hong Kong University when the Hong Kong public will have a rare opportunity of hearing the performance of some of the ancient musical instruments of China.

In Shanghai the Tai Tung Musical Association has for many years devoted special efforts to collecting records of ancient Chinese music, particularly of the Tang and Han Dynasties. At the same time they have encouraged the study of the actual kind of instruments for which this music was written.

Prof. Wei Chung-loh, who is recognised as the leading exponent of this ancient classical music will, at the two Recitals, give expositions on three of the instruments, of which the principal and most beautiful is the P'ien-Pa, a stringed instrument played in the manner of a guitar.

WESTERN TASTES

Those who have been privileged to hear a few of the selections which form part of the programme will agree that they furnish a satisfaction to Western musical tastes which it is often difficult to derive from more modern Chinese music.

Of the technique required and in the case of Prof. Wei so easily accomplished, both on the P'ien-Pa and on the Erhu and Chin, the two other instruments which will be demonstrated, it appears at times to exceed anything experienced in relation to European stringed instruments. But it is not this feature which should prove the principal attraction to music lovers so much as the amazingly beautiful and interesting tonal and melodic effects which almost constantly arouse comparisons with more modern works of Nordic, Slavonic or Latin origin. There are occasions when it is difficult to believe that only one instrument is being played.

As it is understood that these are the only two Recitals so far arranged during the temporary stay of Prof. Wei in this Colony and before his departure for America, music lovers of any nationality are strongly recommended not to miss this opportunity of hearing this type of Chinese music, which is bound to make a great appeal to all tastes.

I am,

Yours faithfully,

D. L. STRELLETT.

TWO CHARGES OF ALLEGED EXTORTION

Five Policemen In Court

ONE DISCHARGED

Pun King-cheung, P. C. C. 869 of the Hong Kong Police, was discharged yesterday on the ruling of the Magistrate at Kowloon Court. Mr. Macfadyen, that there was no prima facie case against him on two charges of attempted extortion of sum of \$20 and \$10 from Lam Kwan and Shek So respectively on the pretence that such money was due him as an officer of the law. The two complainants are the proprietors of the Tai Loi and Kai Kee mahjong schools in Temple Street.

At the identification parade at Yau Ma Tei Police Station on May 11, only one of the nine witnesses to the alleged picketing of the mahjong schools on May 9 by a squad of police had identified Pun King-cheung as a member of the squad.

SENT TO SESSIONS

Leung Chi (L.S.C.292) Mak Kong-in (P.C.C.693) and Sun Kui (P.C.C.696), were committed to stand trial on both charges at the next Criminal Sessions.

At the identification parade at the Yau Ma Tei Police Station, four witnesses had identified Leung Chi, two had identified Sun Kui. Mak Kong-in, allegedly the man who had acted as interpreter between the first defendant, Charles Hosack-Telfer, and the mahjong school proprietors, was identified only by Lam Kwan.

Mr. C. Sutherland Russell is conducting the defence for the four Chinese defendants, one of whom has now been discharged, and Mr. Leo D'Almada, Sr. for Telfer.

First defendant, whom the magistrate viewed to be the ring-leader, was given six months' imprisonment, while second and third defendants each received four months.

Defendant was given leave of absence for a definite period but failed to return on time.

Detective-Sergeant F. J. Loughlin said that the defendant was charged as a stowaway in March and was convicted. The defendant would be sent to Shanghai in three or four days, and the prosecuting officer asked the court not to impose an imprisonment term.

LORRY DRIVER SUMMONED

Mr. G. S. Wilson, Assistant Superintendent of Police, was the complainant at Central Court yesterday before Mr. Butters when a lorry driver, Chan Pak-wing, was summoned for driving without due care and caution.

Mr. Wilson said he was driving past the Deep Water Bay golf course when he caught sight of Chan's lorry ahead of him. It was stationary but was blocking the road, and he was unable to pass. He therefore blew his horn, and Chan reversed back on to his car without giving any warning.

Chan may have been trying to back into the car park, said Mr. Wilson, but it was an extremely dangerous thing to do.

Defendant was fined \$10 or three weeks' imprisonment.

STRENGTH OF JAPANESE SHOULD NOT BE UNDER-RATED

Dr. Kung Expresses Opinion Before Meeting Of Officers Of Military Training Corps

ADEQUATE PREPARATIONS

Hankow, August 5. While it is a foregone conclusion that in a long-drawn-out war Japan will eventually collapse financially and economically, the Chinese should never, underrate Japan's financial and economic strength at the present stage.

This opinion was expressed by Dr. H. H. Kung, President of the Executive Yuan and concurrently Minister of Finance, in a recent address before the Military Officers Training Corps.

Although there are many weaknesses in Japan's financial and economic structures, Dr. Kung said, Japan also has her strong points, chief of which are her adequate military preparations and her efficient political machinery.

Inasmuch as it is the established national policy of Japan to invade China, she has devoted the last scores of years to this end. Since the Manchurian incident in 1931, she declared herself in a so-called state of emergency. Politically and economically, she has been put on a war footing. She has stored up as much ammunition as she could.

It should be remembered, the Finance Minister said, that heavy industries are well developed in Japan and that the volume of her production is quite large.

MAN-POWER

So although her man-power and material resources have been considerably expended during the last year of hostilities, it would be exaggerated to say that Japan's strength has been entirely spent.

What is more, Dr. Kung continued, Japan is a small country with a small population. Consequently, her political organisation is well-knit and efficient. This explains why it is comparatively easy for her to talk about national mobilization, foreign trade control and national economy.

QUEEN WILHELMINA TO APPEAR ON THE SCREEN

Actively Collaborates In Preparing Scenario For Netherlands' First Sound Film

Berlin, August 5. Queen Wilhelmina, according to the Amsterdam correspondent of the 12 Uhr Blatt, will take part in the production of the first Netherlands sound film entitled "Voertis Jaren," depicting the lives of two Netherlands families during the forty years' reign of Her Majesty.

Holland's Queen has actively collaborated in preparing the scenario and she herself wrote the scenes that concern her own life and in which, in the near future, she will appear on the screen.

Crown Princess Juliana has also consented to collaborate.

Her Majesty, as a young Queen will be represented by an Amsterdam artist-like but various photographs taken in Her Majesty's youth will also be utilised. Above all, one picture of the Queen at the time of Juliana as a baby will be Queen Wilhelmina used.

Other prominent personages in Holland will also collaborate. For example, the popular Mayor of The Hague, Herr de Monchy.

The story of the film begins in 1898 when Queen Wilhelmina, who in 1890 ascended the Throne at the age of ten became of age. LORD MAYOR'S FUND FOR CHINA

Mr. G. S. Moss, British Consul-General at Hankow and vice-chairman of the Hankow Committee of the Lord Mayor's Fund for China, also vice-chairman of the International Red Cross, who is in London on leave, speaking at a meeting of the executive committee of the Lord Mayor's Fund, said that the fund had prevented the medical missionary hospitals from going bankrupt.

It had enabled British people in China to hold up their heads, and, with the Empire-wide sympathy that has been shown, had done much for British prestige.

The fact that it had enabled British missions to keep going had spurred on other nations to help too. Grants from the fund had often been made in a form that had produced more money.

For instance, \$5,000 would be given with the understanding that corresponding grants were forthcoming from Chinese Government sources.

British business men had lent their premises and given their services free, and they had been able to expend the money with overhead expenses of only one per cent, says The Times.

FARMERS SHOT AS GUERRILLAS

Nine out of 30 Chinese farmers arrested by the Japanese authorities near the Pootung wharf, Shanghai, on Wednesday, have been shot, while the rest are under sentence of death as suspected guerillas, states a Chinese message from Shanghai.

REFUGEE PROBLEM

(Continued from Page 1)

REGRETS EXPRESSED

The Kwangtung authorities have always discouraged people going to Hong Kong for refuge, so Governor Wu regrets very much to note that some of the wealthier refugees, especially those with relatives, have gone to Hong Kong, and that their arrival has displaced the poorer class of the residents population from its homes, thus making the refugee problem in the Colony more difficult.

Concerning the suggestion by Bishop Hall of establishing "safety zones" in Pao-an or Chungshan district for refugees in the event of invasion, I think preparations along this line should not be undertaken until actual invasion, which I think is impossible, is here, in order not to cause misunderstanding.

But Governor Wu greatly appreciates the wonderful work Bishop Hall and other Christian leaders have done in relieving human suffering especially in areas that have been bombed and in helping to evacuate and to take care of the refugees from other parts of China, that are now in Canton and in different parts of the Province.

RELIEF FOR VICTIMS OF YELLOW RIVER FLOOD

Refugees Being Sent To Other Provinces To Work

The seriousness of the Yellow River flood still causes great anxiety to the Chinese Government, which is doing its utmost to alleviate the sufferings of the people and at the same time to prevent the flood waters from further rising by attempting to narrow the gaps.

Recently, a sum of \$2,400,000 was appropriated by the Government for immediate relief. The Vice Chairman of the National Relief Commission, Mr. Chu Yin-kuan, left Hankow for Chengchow and Loyang last month to handle relief work. According to his plans, refugees in the inundated areas will each be given two dollars and a rice ticket, by which they will obtain sustenance at the various relief depots.

With the flood waters still showing no sign of subsiding, the authorities have decided to remove part of the refugees in northern and eastern sections of Honan to West Honan and South Shensi, where they will be given opportunities to reclaim the waste lands there. For this purpose each settler will be given \$9, which is considered sufficient to maintain a refugee for three months.

According to recent estimates, material losses amounting to no less than \$100,000,000, mainly from the loss of wheat harvest, have been sustained by the people, while upwards of 3,000,000 inhabitants in about 20 districts have either been rendered homeless or destitute as a result of the present flood.

HARD HIT BY FLOOD
People in eastern and northern sections of Honan are particularly hard hit by the present flood, because the flood waters came at the height of harvest time. The torments came so suddenly that the farmers did not have time to remove the grain to safety. Hence, a total loss of the harvest resulted.

Loyalists May Starve

Saragosa, August 5. As a result of further terrific air bombings of the Loyalist concentrations south of the Ebro River, it is believed the Government troops will be without food within four days. It is thought therefore, that desperate Loyalist attacks will be made in an effort to advance further, although proving tremendously costly, with the wounded suffering horribly from the heat and dust. —(Reuters).

A WORD FROM HARVEY

Still After A Bout

[To the Editor, The Hong Kong Daily Press]

Dear Sir—Just a few lines to let you know that I am still in training, and would be pleased if you could give me some information regarding the Boxing position in Hong Kong.

We shall be returning to the Colony sometime during September, and I would be quite willing subject to the permission of my Commanding Officer, to give my services free to any promoter who likes to put on a show for charity.

I may add that as a result of my defeating George Levchenko at Shanghai on April 8 I became the leading contender for Andre Shelafie's Oriental Welterweight title. But owing to increasing weight and the fact that we did not stay at Shanghai as long as was expected, I could not meet Shelafie. However I am willing to meet any man in the Orient up to 11 st. 8 lbs. If such a tournament could be arranged.

Also in training with me is Seaman Glover who is open to meet any lad at 9 st. 9 lbs. over 6 or 8 rounds. We have several other good men who would help make up a good card. You may use this letter in any way that would be beneficial to the game. —Yours etc.

"SEAMAN BOB HARVEY."

H.M.S. Cumberland.

Wel-hal-wel, July 25.

GAS ENGINES
FOR SHIPS

Sterry B. Freeman, of Alfred
Holt and Co., dealt with the
problem of fuel at the international
conference of Naval Architects and
Marine Engineers at Grosvenor
House, W. recently.

On political grounds, he said, it
had been urged that because
Britain had no native oil we should
burn coal, lest we could not
obtain it from oil-producing coun-
tries. What was most obviously
needed was an economical process
by which our coal could be con-
verted into liquid fuel.

Some means was also wanted
of putting gas engines in smaller
ships in home waters.

Lord Stonehaven, president of
the Institution of Naval Architects,
and Sir E. Julian Foley, president
of the Institution of Marine Engi-
neers, received delegates at an
inaugural reception.

K.F.C. DISCUSSION

After reading the letter from the Kowloon Football Club in which they signified their dissatisfaction with being left out of the Open Singles matches, the Hon. Secretary said the sub-committee had seen no reason why they should have been written to at all.

Mr. W. Chittenden: You and I are the only two members of the sub-committee who have played on the green and we found it all right.

Mr. da Luz was heard to say it was not fit, while Mr. Fraser said it played very well.

Mr. W. Hirst said the green played perfectly last Saturday. He thought that in comparison with other greens, when the bowl was sometimes uncontrollable, it was unfair to say it was no good.

WAS DIFFICULT
Mr. Hosking said the fact remained that many people had so complained, and as the sub-committee, they had to take cognisance of what they heard. As far as he himself was concerned he had not complained, though he did say it was difficult.

Mr. Hirst remarked that he thought the Club had been singled out. Some time ago there had been some controversy about Craigengower Cricket Club but there had been no suggestion that that green was unplayable for singles.

Mr. Chittenden said the Club should at least have been written to, explaining things to them, but nothing had been done, you just sat back.

Mr. Hosking: I did not think an explanation was called for. A little later Mr. Hosking remarked: I have been Secretary for four years. This is not new. I am surprised there is a suggestion of lack of courtesy, for if there is one thing I do pride myself on, it is courtesy to everybody. If a letter should have been written, I wish now I had written it, but it never entered my head.

NO ANTAGONISM

The Chairman (Mr. Hyde Lay): If you can guarantee, as your Secretary writes, the excellence of your green, then we might put down one or two of the ensuing matches for it.

Mr. Hosking: I should like to make an offer here to dispel any idea that I have any antagonism for the Club. I should like my match with Mr. Alves played on the K.F.C.

Mr. Chittenden: We will give you our best green.

The Chairman: I suggest the Secretary reply to the letter saying no discourtesy was meant at all and that during the ensuing rounds of the singles we would endeavour to put one or two games on the K.F.C. green.

This was carried and the meeting adjourned.

THUNDERSTORM
CREATES HAVOC
IN ENGLANDCattle Killed In
Fields By Severe
LightningLondon, August 5.
A thunderstorm of exceptional intensity, moving slowly over southern England from west to east, has left a trail of destruction due to lightning and torrential rain. Train services were interrupted yesterday and many roads are impassable on account of floods.

At Exmouth, the main streets were flooded to axle depth. Reports describe leaden skies, vivid lightning and torrents of rain and hail. Motor cars had to use headlights at midday.

Many houses were struck by lightning and large numbers of animals were killed in the fields by lightning.

The depth of the storm belt and its slow progress eastward have resulted in thunder, lightning and rain continuing over each place visited for 12 hours and more.

Telephone services have been affected and farmers have suffered severe loss in crops flattened by hail.

In Devon and Cornwall alone, 70 telephone exchanges are isolated.—(British Wireless).

NEW YORK SIZZLES

New York, August 4.
A sizzling 11th day of the heat wave, with humidity almost unbearable in the city all day and night, has converted New York into a sort of sea-side.

In the more congested poorer sections of the city, men, women and children in their thousands are thronging the streets in bathing suits, splashing water which is coursing down the gutters from fire hydrants, or taking showers in the spray from them.

Thousands are sleeping out of doors.

Many prostrations are reported throughout the nation, but no figures are available.—(Reuter).

OBSTRUCTION TO
FIRE ENGINE

For failing to draw his vehicle to the left of the road to allow a fire engine to pass at Gap Road on July 21, a lorry driver, Lam Yung, was yesterday fined \$25 by Mr. Butters at the Central Court.
